

Liebe Mitglieder, Freunde, und potenzielle Mitglieder

The German American Club of Tucson was started in 1965 to promote friendships and cultural activities for individuals interested in the German heritage and to enable persons with common interests to socialize. If you are interested in these activities, our Club is an ideal organization for you.

My wife and I are relative newcomers to the Tucson area and, since we enjoy many of the cultural activities practiced in Germany and we also enjoy socializing with people with common interests, we were looking for an organization where we could pursue our interests. We were pleased to find a group of people that we had a lot in common with; many of which have become our good friends.

I have found that, to fully enjoy all a club has to offer and to meet and make friends with common interests, a person needs to become an active member in a club. If you are a new member and want to meet friends, by all means, become an active participant by attending membership meetings, providing a helping hand with the tasks necessary to keep the club running smoothly, and joining as many of the club activities as possible. I encourage all new members to take an active interest in the Club and support it within their individual abilities.

Remember, to get the most out of an organization and to ensure its continued success, you have to get involved. My wife and I have gotten involved and have never regretted our decision.

Mit freundlichen Grüßen

Wendell Hecke
